Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

My career goal is to become a lawyer and hopefully work my way up to becoming a judge. If I am lucky enough to become a judge, the occupation would afford me the opportunity to address the serious issues plaguing my community at large and offer a remedy to right some of those wrongs that need be corrected. With the help of Rider University and this scholarship, I can continue acquiring the proper education to make a positive change in my community. I just want to show everyone the true value of those placed in position to effectuate change. A short term benefit of receiving this scholarship would be being able to pay for college while the long term benefit is using this knowledge and experience to make a change. In order to return to some sense of normal, people need to rise up from this disaster and take the first steps towards fixing the problem. I know that with hard work and dedication, I will be able to strengthen my skills and knowledge base as I continue to work with my community. As I continue to work hard and continue seeking internship opportunities, I will be able to grow personally and professionally. Awarding me the Christian Long Scholarship would aid me in pursuing my academic goals as I carry on with my college experience. I would be a proud representative and do my best with all that is set before me. I just need the opportunity to help make my dream a reality.
