Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I have to admit, I wasn't the best that I could be in school. I have an IEP which means that I have help to stay organized and get extra time for test taking. I was accepted into 5 HBCUs and 1 PWI. I have researched Bethune Cookman and I'm glad that not only was I accepted, but they are going to work with my specific needs. My goal is to become a music engineer. I am also considering attending Full Sail University after undergrad to get a masters in film music scoring. I want to work for my self!
