## Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I have completed my first year of college at Cumberland University. It was a struggle due to COVID and not having to go to classes face to face but virtual but I made it. At this time in my life, I would like to finish wrestling on a college level and be able to make it to the Nationals. I would like to finish college with my bachelor degree in Business. Once I finish college, I would like to work on having my own business such as working with young males in the inner city to help them make better decisions. As of now, I think I am working towards greatness by attending college and being on a wrestling team as well as engaging with positive males in my life. While in college I am working which is helping me with my professional skills. Also, with the help of my parents and other family members, I would have great loved ones to help me reach my goal in life and to stay on the right path.
