Form Summary

Please share your educational and career goals/aspirations and how you plan to move toward greatness:

I am excited and grateful to continue my education at Indiana University Bloomington in the prestigious Kelley School of Business. Attending Kelley will allow me to advance my skills in business and prepare me to work in corporate America. The resources and guidance that Kelley provides will help me to succeed academically and socially in college. Along with working hard in the classroom, I plan to take advantage of networking opportunities at Kelley. Having the opportunity to network will expose me to potential undergraduate internships and job opportunities. These opportunities will make me a strong candidate for post-graduate careers.

As a student at Indiana University, I plan to get involved socially on campus. With little racial diversity on campus, I am eager to contribute to the African-American success on campus. An important goal of mine is to leave a positive mark on Indiana University before graduating.

As I graduate from Kelley, I plan to take the Certified Public Accountant (CPA) Exam. This will take a lot of preparation and studying to perform well on. After I pass the CPA exam, I plan to apply for a job at an accounting firm. While working at the firm, I will continue to network and gain leadership skills in order to work towards receiving an executive role at an accounting firm.

Finally, I plan to give back to a sport that taught me so many lessons and has made me into the man I am today. I plan to coach football part time which will allow me to mentor and guide young people to a path to success.
